

ACADEMIC ACHIEVEMENTS 2024-25:

“Success is the sum of small efforts, repeated day in and day out.”

– Robert Collier

The result of Grade X board of All India Secondary School Examination Delhi (AISSE) held in March 2024 has again brought laurels to our school by achieving 100% result, out of this distinction has 31%, first class has 50% and second class has 19%. In this board examination Kumari Rakshita M Huchanur secured first rank, Kumari Vasha B Tariwal and Kumari Ruta B Patil secured second ranks and Kumar Siraj Mohammad A Bandeppanalli secured third rank. Congratulation!..... all my dear students.

EFFORTS MADE IN THE FIELD OF ENVIROMENT EDUCATION:

In an era of growing environmental concerns, educational institutions play a crucial role in shaping the mindset of future generations towards sustainable practices. We are encouraging and promoting environmental awareness among our students. We succeed to instill a sense of responsibility towards the environment among students.

On 5th June 2024 we celebrated World Environment Day by planting saplings in the school premises and brought some awareness among the students about the importance of the day. This function was inaugurated by our managing trustee Sri Basavaraj Kadapatti sir.

Environmental Curriculum Integration:

School recognizes the importance of incorporating environmental education into its curriculum. Through innovative teaching methods and interdisciplinary approaches, students are exposed to various environmental concepts from a young age. Subjects such as biology, geography, and social studies are interwoven with environmental themes, fostering a holistic understanding of ecological systems and sustainability.

Practical Learning Initiatives:

Beyond theoretical knowledge, it emphasizes hands-on learning experiences to deepen students' connection with nature. Field trips to local parks, nature reserves, and organic farms are organized regularly, allowing students to witness environmental conservation efforts firsthand. These excursions not only enhance academic learning but also cultivate a sense of appreciation and stewardship for the environment.

Eco-Friendly Infrastructure:

School is committed to reducing its ecological footprint through sustainable infrastructure practices. The school campus is adorned with solar panels for renewable energy generation, rainwater harvesting systems to conserve water resources, and waste segregation facilities to promote recycling and waste reduction. By incorporating eco-friendly features into its infrastructure, the school sets an example for students on the importance of sustainable living.

Community Engagement:

Recognizing the significance of community involvement in environmental conservation, School actively engages students in various outreach programs. Collaborative efforts with local NGOs, environmental clubs, and government agencies allow students to participate in tree plantation drives, clean-up campaigns, and awareness workshops. These initiatives not only benefit the environment but also foster a sense of social responsibility among students.

Partnerships with Leading Institutions:

School leverages partnerships with other esteemed educational institutions in Bagalkot district to amplify its impact on environmental awareness. Collaborative projects, joint workshops, and knowledge-sharing sessions are conducted regularly to exchange ideas and best practices in environmental education. By pooling resources and expertise, these partnerships strengthen the collective effort towards nurturing environmentally conscious citizens.

SPORTS ACHIEVEMENTS:

Sports develop the physical as well as mental strength in students. Daily physical exercise is essential for students because exercise not only helps students to stay healthy, but it also helps to improve their emotional fitness.

Sports should be a major part of the school curriculum because if students stay emotionally and physically healthy, they can easily focus on their studies. Students have to participate in school sports to increase confidence, mental alertness, and self-esteem

Sports are important in schools because it helps to teach various skills to students like leadership, patience, patience, team efforts, and social skills. Here we are discussing some benefits of the importance of sports in Schools.

School Sankalp Annual Sports Meet 2024-25 was conducted on 22nd and 23rd December 2024. Athletics and group games arranged house wise to encourage sportive spirit among our children. The Students were awarded with the Silver and Bronze medals and certificates from dignitaries and their teachers.

OVER ALL RESULTS:

ACADEMIC ACHIVEMENTS OF SSIKPS IN CBSE AISSE

Year	No. Students Appeared	No. Students Passed	Passing Percentage
2022	28	28	100%
2023	26	26	100%
2024	26	26	100%
2025	17	17	100%

PTA Activities:- 2024 – 2025

The PTA was formed with the following Members for the year.

Parent Teacher Association

S. No.	Name	Designation in PTA
1	Shri. E. Sai Krishna	Representative member of SMC
2	Smt. Kavita S Layadagundi	Teacher Member
3	Smt. Uma Maheshwari Hiremath	Teacher Member
4	Sri. Sridhar M	Teacher Member
5	Smt Kallamma B. Badiger	Parent Member
6	Sri Mahantesh Hunnalli	Parent Member
7	Sri Mahantesh Herur	Parent Member
8	Smt. Ganamma B. Tariwal	Parent Member
9	Sri Narayansway Kurakunta	Parent Member
10	Sri Najmeen F. Dhannur BSNL	Parent Member
11	Sri S V Patil	Spcl. Invitee

The Principal with a vision to improve the safety of the students in the school, requested the members to give their suggestions to the safety committee. Additionally, it was discussed that the PTA members could help in counseling the students and parents with regard to discipline issues at home. The PTA discussed and suggested to have the following activities during this academic session 2024-25. Seminar for parents, Seminars for teachers, Career Guidance Seminar for SSLC students, Tree Plantation, Blood Donation Camp and Fun Fest in collaboration of other organizations. The members also assured their support during the SANKALP Fest, Sports Day and Passing out Parade. The Principal explained to the members about their responsibilities and informed them about the PTA meeting every month.

The following are some of the activities in which the PTA is being involved:

Few members of the PTA assisted the PBW in the organization of the Blood Donation Camp on 15th August 2024. They helped spread the word among parents and others. We saw a very good turn-out of Donors. The PTA is actively involved in the discussions on child protection and safety.

The PTA has taken active part and the members are evaluating the option and feasibility of making a portal, wherein the present students could communicate with students of other schools on the internet.

Important SMC decisions added:

- * Advanced Smart classes to be installed.
- * CC Cameras to be installed in all the classrooms.
- * Purchasing a new School Bus
- * More focus on Academics.
- * Co-curricular activities to be taken in more organized manner to enhance and improve the personalities of our students.
- * More emphasis on value based education.
- * An English consultant to be appointed to improve the overall English communication environment of our school.
